What to Bring

Students will be travelling to and from camp in comfortable, appropriate sport/ casual wear. A full list of requirements will be provided closer to the event.

Food

All meals are provided. Please ensure that your child's teacher is notified in writing of any allergies relating to food. It ***will not*** be possible to make arrangements for special diets at the last minute. Please ensure that

special requirements are for medical or religious reasons, not just likes and dislikes. This information must be received by the second payment date.

Medical

Students must hand their medication to their CLASS teacher when boarding the bus with the exception of asthma puffers which should be carried on the student at all times. **All medication must be clearly labelled and enclosed in a clip lock bag with a green Bangor Primary School Administering Medication form. Copies of this form are available from the School Office.** Teachers will administer the medication as per the instructions provided by the parents.

Please note that bike riding is an activity at the camp- we encourage students and parents to practice this skill at home so that students can confidently participate in this part of the program.

We also strongly encourage parents to develop their children's confidence in sleeping away from them, through family and friendship sleepovers, before the camp to decrease anxiety for their child while on camp.

Further information regarding this excursion will be provided closer to the departure date. We look forward to sharing this experience with your child. Please complete the permission slip and return with either full payment or deposit as outlined in payment schedule.
